

Association for Supportive Child Care

Professional Development and Training Course Catalog

September 2019

Our Mission

We champion children everywhere by providing resources and support to anyone who impacts them, helping every child achieve the brightest outlook possible.

Services Offered

We empower parents, caregivers, and educators to know they have everything it takes to be brain builders giving children everything THEY need to be their most brilliant selves. That's why we offer expert-led training, resources, and support to parents, caregivers, and early childhood educators, so everyone can act in the best interest of the child.

Professional Development and Training Course Catalog

ASCC Professional Development and Training offers a range of topics that align with the Arizona Early Childhood Workforce Registry Knowledge and Competencies. These competencies for early childhood and school-age professionals outline what they need to know and do when caring for and educating young children. The topics support professionals in their goals to increasing their knowledge of early childhood educational best practices.

Knowledge Areas

Child Growth and Development

Curriculum and Learning Environment

Child Observation and Assessment

Effective Interactions

Family and Community Partnerships

Professionalism

Program Management
